## Friendship

Friendship is a very important thing in our life for many reasons. First, a real friend is someone who shares your happiness as well as your sorrow. So you will never feel lonely. Second, everyone needs someone to keep you company and lean on in times of hardships. S/he is always willing to give a hand and will never let you down. You will never feel depressed or desperate. You would rather feel more comfortable and self-confident. Besides, a good mate is someone with whom you get on well, share your secrets and your hobbies. This helps you enjoy a better life. However, teenagers have to be very careful of falling out with bad company. A friend is one that knows you as you are, understands where you have been, accepts what you have become, and still, gently allows you to grow.
