Debate Competition

On 11th Shrawan 2079, there was a huge debate competition in 'Rastriya Pragya Pratisthan', Kamladi which was organized by Sanskrit Gurukulam on the death anniversary of Dr. Ramananda who was a big guru of Sanskrit Gurukulam. There was almost 40 to 45 schools participated. Among them I also participated in that program representing our school (Milan Dharmasthali School).

We were given a common topic" असल नागरिक

निर्माणमा नैतिक शिक्षाको भूमिका"

At first being honest, I was not so much afraid when I was in school but when I reached the destination then seeing the college students and lots of participants, I really felt nervous. I was there with Ratna Devi Maharjan, our Nepali Teacher who played the role of my guardian when I was too much afraid. She calmed me down. Finally, when my name was announced, I felt very nervous. While delivering the speech, I was in dithery. After completing the speech, me along with madam had lunch together which was provided by that school. After that we again join the program. The program was really motivating. The speech of the special personalities was

Finally, when the time was over, all the students submitted their copies. And we were distributed with lunch too, which were really delicious. Then after the special personality has announced that the time was about to reveal the result. Everyone along with me was curious and excited for the result. When the result was announced, I became shocked as I was successful to gain the third position in story writing.

I didn't become first but at least I became the third position holder. As it was my first attempt so I was so happy that at least I could make my school and entire team proud.

Story, Poem and Essay Competition

Oxford School which is in Nayabazar has organized the story, poem and essay competition on 18th Shrawan 2079 was really satisfied.

From our school, three students were participated. Kristina Simkhada from class 7 was participated in poem, Rachana Dangol from class 8 was participated in essay and me, Rubina Ghale from class 10 participated in that story faculty. Whereas, from each school, there were 3-4 students as participant.

There were altogether 22 schools which were participated in that competition. From our school, we three went there by bus in a very warm morning at 10: 00 o'clock. After reaching there, they welcomed us and we went to our own subject classes. There was one teacher in each class who helped us by giving ideas in the beginning about how to write a story, poem and essay. Then after listening such ideas I along with all the students out there from various school got motivated and finally the program started at 1: 00 o'clock. All the students have got 1 hour to finish the story.

so stupendous. Finally the result was announced and the judge said that everyone's performance was outstanding. He also informed that it was so difficult for them to decide the first, second, third and fourth position holder. The fourth position holder was the student from 'Sainik Madhyamik Bidhyala', third position holder was from 'Sanskrit Gurukul', second position holder was also from 'Sainik Madhyamik Bidhyala' and the first position holder was from 'Kantipur School'.

Overall, I gained a lot of knowledge, experience as well as I got motivated from the speech of other schools. It was my third attempt. Now for the next time, I got more knowledge experience. So I didn't regret for not obtaining any positions. Instead of being regret, I felt so happy that I was able to

participate and compete with the college level students. So, overall my experience in that program was stupendous and fabulous which motivates me for participating in further programs to come in future days.

Name: Sarbada Lamichhane

Class: 10

Result of art competition 2079- 04-20 (Friday)

Senior
